

M32 WORLD

New Team Overview

Easy to get onboard The New Team pathway

The transition from a keel boat to a multihull is an easy process that that we have assisted others in doing many times before. More than 400 sailors and owners have passed through the M32 Academy with great success. With the safety and essential knowledge, you will be able to fully enjoy your sailing in the M32 Catamaran.

There are three steps in the pathway for a new team to start sailing the M32 Catamaran:

M32 ACADEMY

1. M32 Academy Program / training weekend

When you show up to one of our M32 Academy sites for a 1-2 day program, there will be a focus on safety, the essentials of the M32, and practice racing with existing teams of the class. Our instructors, who have been competing on the series for years, will give you tips and tricks to get up to speed quickly and safely.

M32 SERIES

2. M32 Series event

You charter one of our demo boats for an M32 Series event in order to get an understanding and the thrill of the M32 series. We can help you with either sailors, a full team or coaching - anything that's needed to get you up to speed and enjoy the racing.

M32 WORLD

3. Your own M32 at the M32 World

With your own boat, you can compete on the M32 Series around the world and fight for the prestigious M32 World Championship title. Or you can just use the M32 for the distance race at your local club. It's up to you!

"A ton of fun"
Don Wilson
Owner - Conveixty

"Just a great vibe"
Alec Cutler
Owner - Hedhehog

"Just so fun these boats"
Richard Göransson
Owner- Inga from Sweden

"It's easy to sail, easy to set
up and easy to take down"

Michael Domingues
Owner - Team Bronco

"After playing around in a
M32 in Sweden last year, I
found my next boat."

Keen Read
CEO - North Sails

"We all came in with big
smiles"

Nathan Outteridge
Skipper - Sail GP

Simplicity, easy and fun.

The M32

What do you get when you combine world famous multihull designers, aerospace technology, and one of the world's most renowned boatbuilder?

The most advanced, easy-to-sail, and exciting sailing platform ever created.

Sailed by a crew of four to five, simplicity of design means the M32 catamaran is extremely easy to sail, while a modern construction provides an ultralight and stiff platform. Upwind sailing is a pleasure, and the furling gennaker and lifting foils provide an adrenaline-charged, surface-skimming downwind thrill ride you'll never forget.

Key features of the M32 Catamaran:

- Rigging/assembling the boat from trailer to water takes around 3 hours for 3 people.
- The M32 has only 2 sails to manage without sacrificing performance in light or heavy air.
- With the high-volume bows and ultra-light weight, the M32 is safe and forgiving in all conditions.
- Mainsails have both single or double reef points to handle up to 30 knots.
- With 2 skilled crew members and a reef, you can safely take 3 novices, friends, or kids for a safe and fun sail of their lives in 20+ knots.

SPECIFICATIONS

Develop your skills at your own pace

The M32 Academy

The Academy is a platform for sailors who wish to improve their level in the M32 catamaran. At the M32 Academy you will find training and programs that fit all abilities. It doesn't matter if you are in your first steps of your sailing, moving from keelboat to multihull, or if you are at the peak of your career. The Academy provides knowledge in High Performance Sailing.

The M32 Academy is a perfect way to get a feeling for the M32. With a well-developed curriculum and programs designed for keel boat to catamaran sailors and professional coaches, it will be a fun and safe way to get a feeling for the M32.

The M32 Academy and the M32 New Team Program is designed to introduce a keel boat team into the M32 catamaran and to race on the M32 Series.

The M32 Academy programs are created from different modules. The M32 New Team program are created from the M32 Safety, M32 Essential, M32 Racing and the M32 Set Up and Tune modules.

The Safety module will give you all the safety knowledge to fully enjoy your sailing and feel safe in the M32. The Essential module gives you all the essentials of the M32, from safe bare away to how to make the boat go fast. The Racing module introduces you to how to handle the reaching starts, think on the course, and how to push the boat to its limits. The Set Up and Tune module gives you all the tips and tricks of how to assemble and tune your M32 Catamaran.

More than 400 sailors have passed through the M32 Academy, from the very top professionals to new owners who want to get a feeling for the M32. The M32 New Team Program is a perfect way to start your M32 sailing career.

Schedule 2021-2022

M32 Academy Programs

Many new teams started their journey in one Academy program /training event. It's an easy way to get the feeling of the boat, and at the same time sail against the other teams in the circuit. There are several places around the world where you can take part in the M32 New Team program.

- In Europe, we keep our boats at Lake Garda and in La Spezia in Italy.

- In North America, we have our M32 Academy sites in Miami, FL and Newport, RI.
